Cookie Policy

Cookies, analytics and external services used by the club website.

What cookies and similar technologies are

Cookies are small text files or similar technologies placed on, or read from, a computer, phone or other device when a website is used. They can support essential operation, remember choices, measure website use or enable content supplied by external services.

Technologies used by this website

Essential technologies

The website may use technologies that are necessary for security, navigation, accessibility, transaction routing or remembering a choice requested by the visitor. These should operate only for as long as necessary.

Analytics

The site currently includes Google analytics code. Analytics may collect information such as pages viewed, approximate location, device and browser details, and referral source. Analytics should not be activated where consent is required until the visitor has made an appropriate choice.

External services

Pages link to or embed services such as PayPal, Facebook, Google Maps and the mailing-list provider. Opening or interacting with these services may allow the external provider to set cookies or process device information under its own policies.

Consent and control

Where the law requires consent, non-essential technologies should remain disabled until the visitor gives a clear positive choice. Essential technologies may operate without consent where they are strictly necessary to provide a service requested by the visitor.

- A visitor should be able to accept or reject non-essential technologies.
- Rejecting should be as straightforward as accepting.
- A visitor should be able to change or withdraw a choice later.
- The website should not treat continued browsing as consent.

Managing cookies in a browser

Most browsers allow cookies to be viewed, blocked or deleted. Blocking all cookies may affect embedded maps, ticket checkout, social links or other third-party features. Browser help pages explain the relevant controls.

Contact and updates

Questions about cookies can be sent to club@sedgefieldblues.com. This policy should be reviewed whenever analytics, embedded content, advertising, ticketing or consent tools are added or changed.
